Welcome!

WHAT IS THE SENIOR DOG CARE SUMMIT?

The Senior Dog Care Summit is an online virtual event that brings together 23+ of the world's leading holistic veterinarians and senior dog care experts - professionals who have helped heal, regenerate and improve thousands of dogs' health -- even when their owners had already tried everything before and just wanted to give up.

It's 100% free to attend, and you don't need to travel. Simply watch from the comfort of your own home, dive deep into the proven, natural senior dog care treatment options that have withstood the test of time.

Use the solutions you'll learn from this event to raise a healthier dog. No more overwhelm, no more frustration. You could save yourself thousands of dollars in long-term vet bills by implementing what you learn during this event.

WHO IS BEHIND THE HOLISTIC DOG CARE SUMMIT?

 [PETSUMMITS.COM](https://www.PetSummits.com)

From all over the world, wherever you and your furry family member may be, Pet Summits' online events come right to you. Receive practical, proven health tips and strategies for helping your pets live a healthy, happy and high-quality life. We've helped tens of thousands of pets and their owners just like you since we launched, and we'd love to welcome you to the family!

**HELPING PETS & THEIR OWNERS
SHARE A BETTER QUALITY OF LIFE**

Hosting the summit is Dr. Ava Frick. Dr. Frick has practiced 24 years in animal chiropractic, rehab and nutrition.

Her research and books in the fields of equine exercise, hair tissue mineral analysis, nutrition, and veterinary microcurrent therapy (to which she is considered the world's leading authority) have been internationally published.

"I'M EXCITED TO BE PARTNERING WITH PET SUMMITS TO BRING THIS INCREDIBLE INFORMATION TO THE PET PARENT COMMUNITY!" - DR FRICK

Is this right for you?

YOU'LL LOVE THE SENIOR DOG CARE SUMMIT IF

This summit is for you if you're looking for a proven, natural and holistic based solution to improving your senior dog's health...especially if you've tried the medical route before, failed and wanted to give up. There are better options!

You're guaranteed to find something at the Senior Dog Care Summit that you can take away and use to help you add years to your dog's life and reverse any age-related health ailments

Modern day medicine is only just over 100 years old, many of the natural solutions have been used for thousands of years among many healthy cultures.

If you're frustrated with wondering where to start with all of the conflicting information, or you feel overwhelmed and burnt out after TRYING so many different techniques for your dog, then this is for you.

We believe in a world where a naturally healthy dog is the norm, not the exception.

We love our pets just like family, and we're passionate about sharing proven tips, strategies, and protocols so our pets can thrive well into their later years.

Our mission is to bring together the worlds leading holistic vets, pet nutritionists, pet health practitioners, and other well-known experts to bring about a pet health revolution.

Become a leader. Join the pet health revolution. And let's make a positive difference in the world that matters most!

What will you learn?

HERE'S WHAT YOU WILL LEARN AT THE SENIOR DOG CARE SUMMIT....

Our dogs should not be in pain as they age! With a few simple health and lifestyle changes your senior dog can thrive well into their later years.

Some of the key takeaways you'll get from this event will include:

- 🐾 How to distinguish whether your dog is getting slower because of age or disease
- 🐾 How to 'start early' to ensure your dog lives in a harmonious, effortless and stress-free way well into their later years
- 🐾 The shocking studies behind the impact of conventional medicine and the longevity of your dogs lifespan
- 🐾 What the most healing nutrients are and how you should be feeding your dog for optimal nutrition and age-related health considerations.
- 🐾 The little-known emerging science around improving the brain-body communication in your dog to help support your mental and physical health.
- 🐾 What the safest and most appropriate exercises are for senior dogs to ensure the right activity and comfort level
- 🐾 How to be a pro-active, loving pet owner and stay ahead of the potential health challenges that are common in senior dogs
- 🐾 How to apply basic massage techniques that address the needs of senior dogs

and much more...

Who is speaking?

WORLD CLASS EXPERTS WITH PROVEN TRACK RECORDS...

Our schedule is jam-packed with world-leading veterinarians, pet health experts, and more. Their specialties range from holistic veterinary care, researchers, scientists, and more.

We wanted to bring you deep subject matter insights from PROVEN leaders and visionaries who have demonstrated their expertise over years and even decades of research and practice in their field.

Some of our expert speakers have worked with tens of thousands of animals over many years.

This is the first time in history that they are all together for you to learn from in one place to find out all you need to know about proven solutions for your senior dogs health.

This is NOT one of those events where the speakers hold back on information so they can pitch their products or services at the end, far from it!

They're digging deep to give you their best stuff with ideas you can implement no matter what your dog owner experience level is at.

[VIEW SCHEDULE](#)

Day 1 Expert Guests

Dr. Doug English

Veterinarian and Turmeric Researcher

Top Tip: Turmeric mixed with Manuka honey is very effective in treating wounds, improving wound Scarring, and preventing Inflammation.

[WATCH QUICK TIP VIDEO](#)

Dr. Chris Bessent

Holistic Veterinarian

Top Tip: Domestication has contributed to the low life expectancy of dogs nowadays. Pet parents must change their lifestyle if they want to have healthier dogs.

[WATCH QUICK TIP VIDEO](#)

Dr. Katie Woodley

Holistic Veterinarian

Top Tip: Senior dogs may not do well with a raw food diet. It's very cooling energetically, and they might need it to be a little bit warmer.

[WATCH QUICK TIP VIDEO](#)

Dr. Will Falconer

Homeopathic Veterinarian

Top Tip: Prevention starts early in life. So make sure you are always making good, smart, healthy choices for your pets.

[WATCH QUICK TIP VIDEO](#)

Day 1 Expert Guests

Dr. Zac Pilossoph

Veterinarian

Top Tip: The study shows that CBD has great effects in increasing mobility and decreasing pain and inflammation for senior dogs.

[WATCH QUICK TIP VIDEO](#)

Jason Donas

Founder/CEO of Vital Pet Health

Top Tip: Two ways to reduce allergy: detox and immune-boosting supplement. If you detox your body, your immune system will improve.

[WATCH QUICK TIP VIDEO](#)

Day 1 Note Taking

Day 2 Expert Guests

Dr. Edward Bassingthwaighte

Holistic Veterinarian

Top Tip: The most effective way to help to heal older dogs' silent pain is bodywork touch, engaging, stretching, moving connective tissues and structures of the body.

[WATCH QUICK TIP VIDEO](#)

Dr. Amy Hayek

Veterinarian, Animal Chiropractor

Top Tip: When dogs get a chiropractic adjustment, it will help them live happier, longer and will allow them to enjoy their senior years.

[WATCH QUICK TIP VIDEO](#)

Dr. Dawn Gleason

Integrative Veterinarian

Top Tip: Senior dogs are like humans. They have issues like mobility and sometimes it's mental health too. We have to treat them like we would treat our grandparents.

[WATCH QUICK TIP VIDEO](#)

Dr. Wendy Coren

Human/ Animal chiropractor

Top Tip: 2011 studies showed that at 660 nanometers when combined with infrared can delay the development of fatigue and reduce inflammation.

[WATCH QUICK TIP VIDEO](#)

Day 2 Expert Guests

Dr. Bill Ormston

Animal Chiropractor

Top Tip: When trimming dog's nail, one thing that will help is bringing the toenail backward. It's helping the dog become more comfortable.

[WATCH QUICK TIP VIDEO](#)

Day 3 Expert Guests

Dr. Ava Frick

Veterinarian

Top Tip: Having a good fitting harness will help support the dog's middle to stabilize gravity, support the balance and send better messages back to the brain.

[WATCH QUICK TIP VIDEO](#)

Dr. Angelique J Barbara

Doctor of Chiropractic, Founder and President of Angel's Animals - Holistic Animal Studies

Top Tip: Kinesiology tape's purpose is to improve function. It also helps ease senior dogs' back, shoulder pain, and knee instability.

[WATCH QUICK TIP VIDEO](#)

Bobbie Lyons

Certified Canine Fitness Coach and Dog Trainer

Top Tip: Checking your dog's posture is very important. If you are looking at your dog from the side, the front feet should be straight down from the shoulders.

[WATCH QUICK TIP VIDEO](#)

Joanne Lang

Canine Massage and Movement Specialist

Top Tip: The benefits of dog massage include relaxation, enhanced immune function, improved athletic performance, and body alignment corrections that help prevent injuries.

[WATCH QUICK TIP VIDEO](#)

Day 3 Expert Guests

Donna Wills

Animal Physiotherapist

Top Tip: When to see a canine physiologist? If it affects mobility, see the physio. Arthritis and degenerative myelopathy are the most common reason.

[WATCH QUICK TIP VIDEO](#)

Laurie Edge-Hughes

Canine Physical Therapist

Top Tip: Power is so important for function. As dog ages, they have mobility problems, so if we train to improve those, then we have a healthier senior pet as well.

[WATCH QUICK TIP VIDEO](#)

Day 3 Note Taking

Day 4 Expert Guests

Dr. Odette Suter

Veterinarian, DVM

Top Tip: 28% of dogs from the ages of 11 to 12 years old are having signs of cognitive dysfunction. As they get older, that number even increases much higher to 68%.

[WATCH QUICK TIP VIDEO](#)

Dr. Paula J Broadfoot

Integrative Veterinarian

Top Tip: There are a number of diseases associated with poor dental health so it's very important to maintain our senior dog's dental health.

[WATCH QUICK TIP VIDEO](#)

Dr. Josh Briley

Clinical Psychologist - Science and Education Director for Alpha-Stim

Top Tip: Cranial Electrotherapy Stimulation manages a dog's pain because pain is processed in the brain.

[WATCH QUICK TIP VIDEO](#)

Dr. Susan O Wagner

Integrative Veterinary Neurologist, Energy Practitioner and Teacher

Top Tip: Environmental noise can be toxic for our dogs. We need to be mindful and do a sound inventory of what's going on in your house or outside the house.

[WATCH QUICK TIP VIDEO](#)

Day 4 Expert Guests

Dr. Jeanette Lee Yamamoto

Veterinarian

Top Tip: Essential oils helps to calm older dogs. Lavender is a great one along with magnolia and frankincense.

[WATCH QUICK TIP VIDEO](#)

Dr. Dani McVety

Veterinarian (and Founder of Lap of Love Veterinary Hospice)

Top Tip: Senior dogs don't have to suffer at all. We want to do the very best we can to address that suffering so that our pets live the very best quality of life and we also provide them a wonderful quality of death.

[WATCH QUICK TIP VIDEO](#)

Dr. Mary Gardner

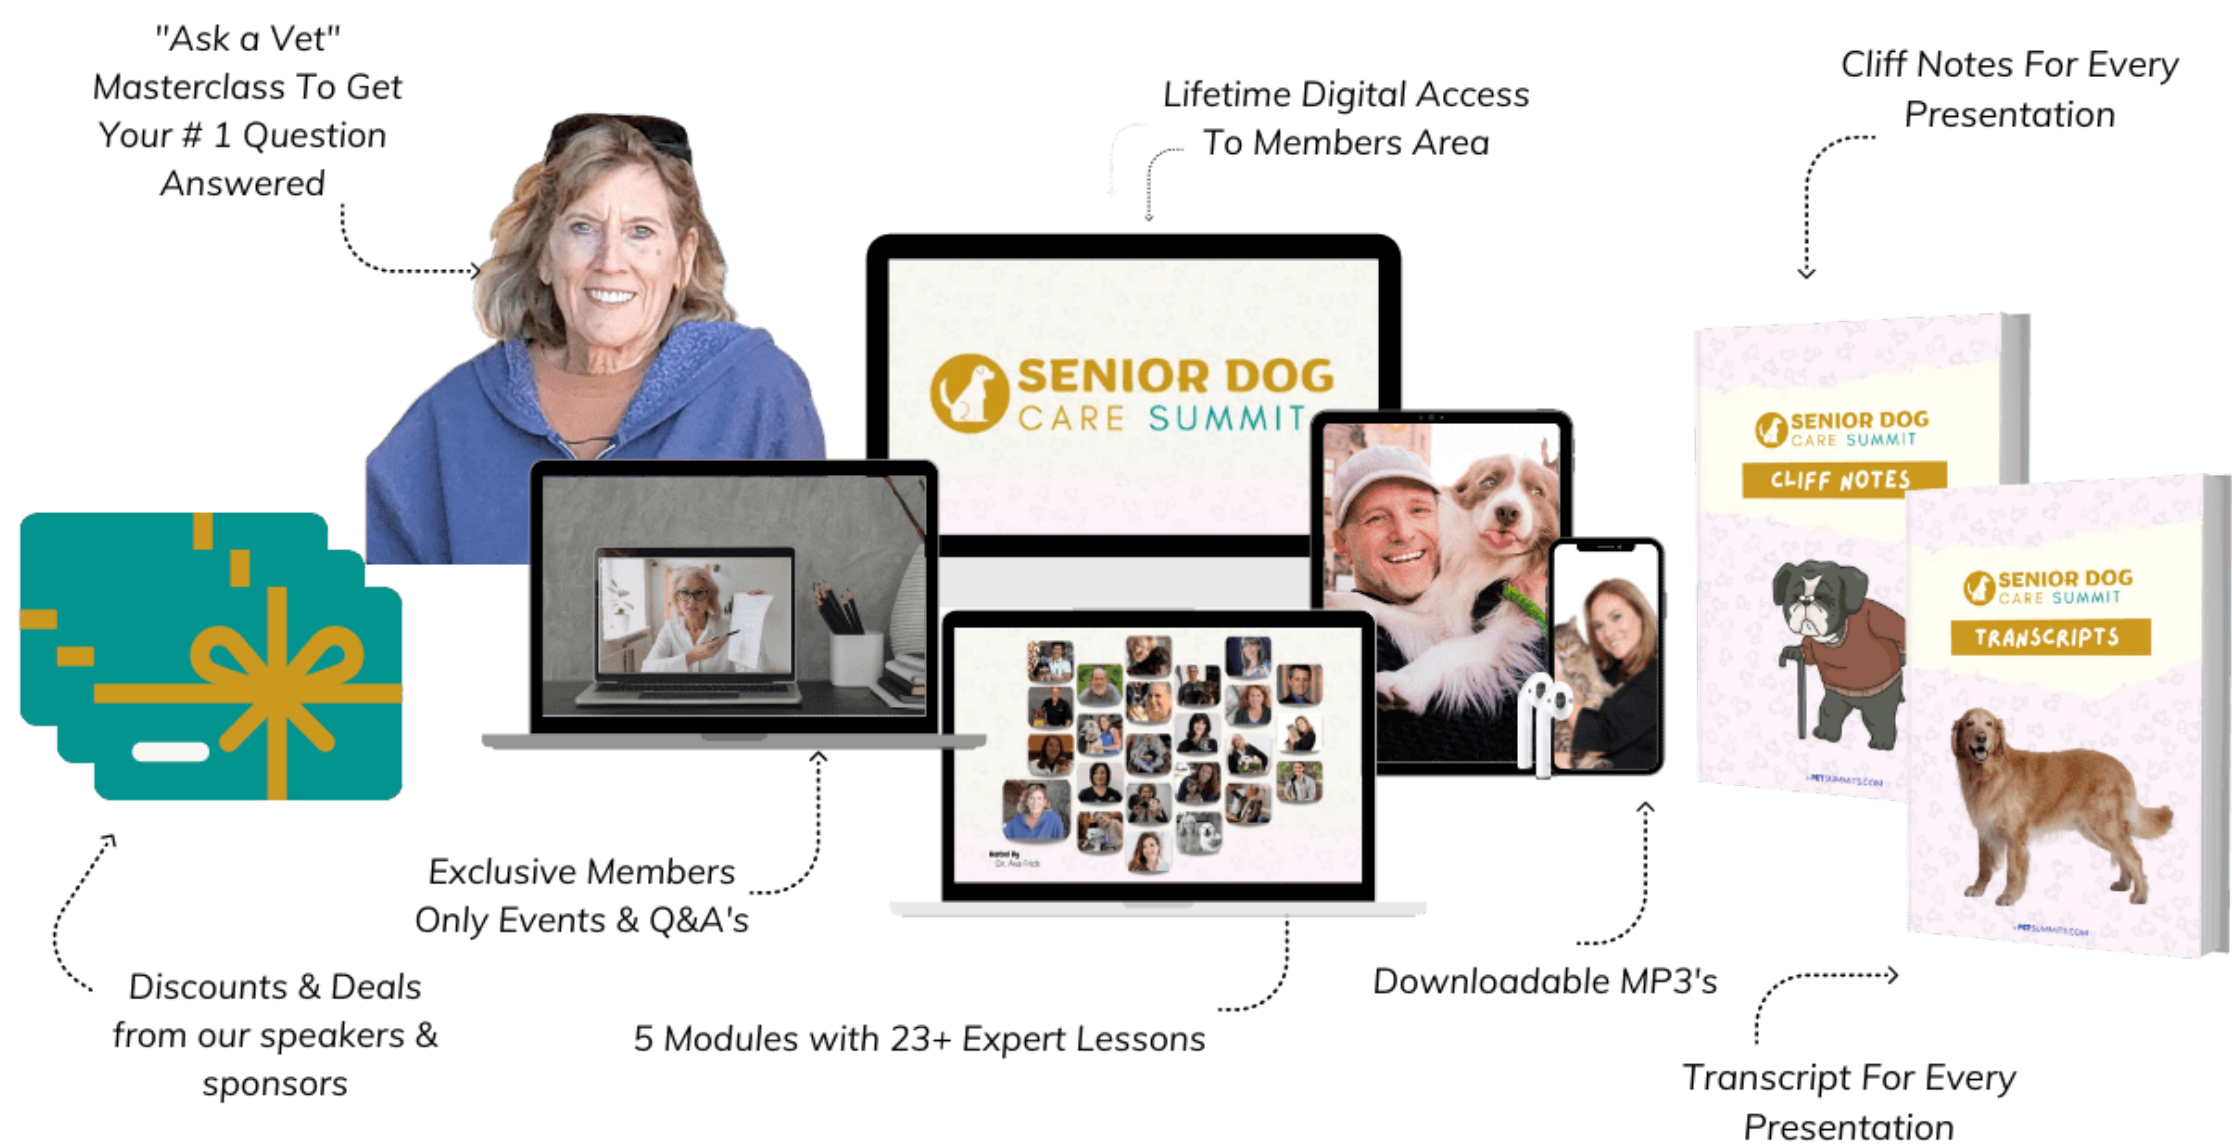

Veterinarian (and Founder of Lap of Love Veterinary Hospice)

Top Tip: When evaluating the quality of life, personalized patient and client information is needed to reach an educated, informed, and supported choice that fits not only their pet's medical condition but also the family's wishes

[WATCH QUICK TIP VIDEO](#)

Day 4 Note Taking

Rather Have LIFETIME Access?

WE WOULD LOVE TO HAVE YOU ON BOARD!

It's called the Senior Dog Care Summit Premium Pass, and it lets you view the entire summit talk vault any time – without ever setting foot in an event room.

You can learn on your schedule. And you don't need to pay \$1,000, \$3,000, or \$5,000 admission prices of most summits for their videos.

There's no plane ticket, hotel room, or overpriced meals.

And with the Premium Pass, you don't even need to sacrifice your social life to cram all the sessions into a few days.

With this pass you get instant access to all of the interviews PLUS the MP3's to download, "Ask A Vet" Q&A, Transcripts, Notes, Deals and more...

All of this for an entire lifetime! Upgrade now to receive instant access to all of the talks, bonuses and more....
